

Dear colleagues and friends of marine biotechnology,

The election of members to the new ESMB board for the period 2024-2025 is upcoming!!
In order to recruit more candidates, we decided to extend the deadline until the **31 January 2024 at 12 noon CET**

We are looking both for senior members and PhD student representatives, committed to the topic of marine biotechnologies!!

For senior membership, plurennial experience in marine biotechnologies in one or more fields of research, development, institutional and academic are recommended, while for PhD students we are looking for candidates that have in run a project within the topic of marine biotech.

Please, be aware that only members of the society can be nominated, as active membership is the basis for eligibility for voting and to be elected. If you are not a member yet, please consult the homepage [Membership - ESMB](#).

- **Consider to become a candidate for the board of the ESMB and/or propose suitable candidates!**

Please send a short CV and your motivation for serving on the board of ESMB, or send an email with the name of the candidate, and if possible, also CV to the address below:

Concetta Messina: concetta.messina@unipa.it

Torger Borresen: torger@tabcon.dk

The election will start soon after the deadline. You will be notified when the election is opened.
We are looking forward to your feedback!

Prof. Concetta Maria Messina
President ESMB
